---

## PROJECTS

### Responsive Tourism Website to Travel different countries.

- Developed a responsive website aimed at promoting tourism, catering to both local and international visitors.

Key Features:

- Provided comprehensive destination guides, travel itineraries, and recommendations for tourists.
- Implemented a booking and reservation system for hotels, tours, and activities.
- Designed image galleries and multimedia content to visually showcase the beauty and culture of countries.
- Ensured seamless viewing experience across desktops, tablets, and mobile devices with a responsive design approach.
- Technologies Used: HTML, CSS, Bootstrap.

- GitHub Repository: [FULLSTACK/projects/Touristusinghtmlcssbootstrap at main · ydeebika/FULLSTACK \(github.com\)](https://github.com/ydeebika/FULLSTACK).
